### **Tip of the Iceberg**

when he asks how I am  
he expects the tip of my iceberg  
I know what he wants  
but that doesn't stop me from  
dragging him beneath icy  
waves  
speaking too freely of what's  
not right inside me  
risk freezing his blood,  
stopping his heart to test  
how vast and deep  
go my jagged, titanic  
edges
